HOUSE, FARM AND GARDEN

Farm Notes.

We find it stated that "in South Africa the raising of cattle has almost entirely ceased, owing to the ing to American farmers."

fed with bean meal several times a or cream is excellent mixed in. year they would never be troubled

The generalization is to the effect that all "throughbred" animals, whether horses, cattle, sheep or hogs. have one peculiarity in common, which is fineness of bones. It is one of the surest indications and a valuable quality, for such animals give but little offal and waste, while the net is proportionately larger than the tare, as compared with coarser

The New England Farmer can hardly imagine a greater misfortune to an old horse than that he should fall into the hands of an ignorant and passionate person with intemperate habits. There is no place where an old horse is or can be worth more than on the farm, and no farmer should be inhuman enough to

should have rational treatment, France and Germany almost menopo-neither starved, drugged, purged nor lize the foreign trade of this immense bled. They should be dried off at least a month or six weeks before calving. They are generally thin in flesh at the close of their milking season, and the object of drying them off is that they may have time to respect to the countries to divert the countries to describe the foreign trade of this immense nation, for, owing to the barbarous and short-sighted policy of our government, there are few American vessels to divert to our shores some of that commerce which would make our manufacturers rich. We buy coffee from Brazil, we have much that we could give in return, but we allow other countries to do this cover somewhat from their exhausted but we allow other countries to do this

the past week, the Cultivator and Country Gentleman says of cattle and beef prices: "A general survey by rail in 1893. of the prospects and condition of cattle in the country seems to indicate little or no higher prices for beef cheated by a second hand clothier in cattle in the coming year than now prevail. Texas has shipped stock out very closely, and it is likely that with less numbers, more light and poor quality steers, will be driven northward. On the other hand, the "Yhell, who shall it be?"

"Yhell, who shall it be?"

"Yhell, who shall it be?" great plains of the West and North-west will be in condition to ship "So do I. more than ever before, and of a better quality, All except the largest and fattest have been held back by You see, my frent, my uncle Isaac first the ranchmen on account of prevail. opened this sthore, und he failed und ing low prices, and these 3 and 4 year olds will if the winter is an or- York. Den my brudder Moses runs it dinary one, come forward fat and and pays ten cents on der dollar. Den very early, as they went into winter my vife goes into peesnees und makes in good condition. If there prove to me agent, und shust vhen I feels dot I be enough cattle in the Western haf scooped her oudt of eafery shilling, States to supply the earlier spring markets, good beef will, as now, be

For Farm Boys to Learn.

From a Western paper we extract will be useful to every one on a farm: dimensions are given them? Now tory including Mobile and Washington "Hoe Handle" likes to be useful, and counties in Alabama. The Mississippi I have taken some pains to make out counties contributing timber to these a table, and I would like to have Perry, Marion, Jones and Covington. every one of the farm boys learn it. The principal streams are Pascagoula, There are 160 square rods in an acre, Leaf and Chickasaha rivers. These are and there are 301 square yards in good logging streams the year round. one rod. This gives 4840 square

5 yards wide by 968 yards long is 1 acre.
10 yards wide by 484 yards long is 1 acre.
20 yards wide by 242 yards long is 1 acre.
40 yards wide by 121 yards long is 1 acre.
50 yards wide by 121 yards long is 1 acre.
50 yards wide by 121 yards long is 1 acre. 40 yards wide by 121 yards long is 1 acre. 80 yards wide by 6014 yards long is 1 acre. 70 yards wide by 6914 yards long is 1 acre. 60 yards wide by 8024 yards long is 1 acre.

the yard, 2721 square feet to the rod 43,560 square feet to the acre, and we have another table:

stand too thick for good work in the ordinary way with cultivators or shovel plows, an effective method is strawberries is the size of a Tennessee to run a "turning" plow along the "patch" of this fruit. The proprierows of corn, the bar side next to tor uses a punch and figure slip to the row, running as close as possible make count for each picker instead of throwing a very shallow furrow the tickets generally in use on fruit away from the corn. Then clean out farms, the hills with hoes and by hand if the hills with hoes and by hand if necessary, and in a few days commence cultivating in the regular way. The weeds or the corn must be destroyed, and we have known instances where it was impossible to

The "Why" in Vegetable Cookery,

Germantown Telegraph.]

Why should beans never be put in cold water to soak, as is often recommended? Because all the nutritous part of the bean is extracted by the process. They should be washed in warm water, then in cold, be tied fact that several years ago a Holland bull was carried there afflicted with and a little salt in it, and be kept loosely in a bag, be put into boiling the lung disease, which before it boiling for four hours. They are could be stopped, spread beyond then excellent to serve with gravy or melted butter. They serve as a garnmelted butter. They serve as a garnish around roast mutton or beef, and A writer says that he has never are excellent when served whole as a failed to care garget by the use of puree To make the latter, when the beans. He feeds one pint of bean beans are done throw them instantly meal, mixed with other meal, for into cold water, when the skins will four successive days, and has found slip off. Rub the beans through a that quantity sufficient to cure the colander, and mix a lump of butter worst cases. He thinks if cows were with them. A little stock, or milk

Why should plenty of fast boiling water be used in boiling vegetables. potatoes excepted. Because the greater the body of boiling water the greater the heat. If only a little water is used, the whole affair soon cools, and the vegetables become tough so much so that no length of time in boiling them will render them otherwise. Broccoli sprouts in April, if properly cooked by boiling them for eight minutes in boilig water, will be tender as marrow; but if not properly done hours will not cook them.

Brazil and The United States. Railway Register.

Brazil, as is well known, is the largest political division of South America, its area being equal to that of all others combined. Lying, as it does, under the burning sun of the equator there is a wonderful and luxuriant vegetation. trade off an old family pet to an un-known or unkind person.

The chief product of the greatest abundance. Rich woods, rare medicinal Its chief product is coffee, but a hundred Cows kept for dairy purposes for several weeks previous to calving and other minerals abound. England, condition and gain strength for the and reap the resultant benefits. When the proposed Three, Americas Railway reaches Brazil it will find an established In its crop and market reports for system of railways with which to con-

He'd Like to Know, Too.

"Dot's what I'd like to know myself, assigned. Den my fadder-law he runs along comes her cousin mit a shattlelmortgage on der last old coat. If you within the reach of the laboring class gif you such a suit of clothes ash would made a king feel stuck up all oafer."

South Mississippi Lumber Notes.

N. O. Lumberman.]

The capacity of the eleven saw mills the following practical remarks, that in the vicinity of Moss Point, Miss., How many of the boys who read located on both sides of the Dog river this paper could "lay off" an acre of and the streams from which they receive ground exactly, providing one of the their logs drain a very extensive terri-

says: "Brown's Iron Bitters is an excellent remedy to regulate the stomach."

ONE hundred and forty acres in

MEDICAL.

MEDICAL.

New Life is given by using Brown's

IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. Brown's Ikon Bitters ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th,

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles. caused by overwork, with excellent results.

Beware of imitations. Ask for Brown's Iron Bit-TERS, and insist on having it. Don't be imposed on with something recom-mended as "just as good." The genuine is made only by the Brown Chemical Co. Baltimore, Md.

Is composed of Herbal and Musilagenous products, which permeate the substance of the Lungs, expectorates the acrid matter that collects in the Bronchial Tubes, and forms a soothing coating, which relieves the invitation that causes the cough. It cleanses the lungs of all impurities, strengthems them when cafeebied by disease, invigerates the obstance of the blood, and braces the nervous system. Slight colds often end in consumption. It is dangerous to neglect them. Apply the remedy promptly. A cost of twenty years warrants the assertion that no remeably has ever been found that is as prompt in its effects as IUIT'S EXPETORANT. A single dose rates the phisgm, subdusting managing and its use special cures the most obstinate cough. A picasant cordial, children take it readily. For Creating invaluable and should be in every family. In 25c, and \$1 Bottles. mposed of Herbal and Mueilaginous pro

ACT DIRECTLY ON THE LIVER.

Cures Chilis and Fover, Dyspepsin, Sick Headache, Billous Colic, Constipation, Rheumatism, Piles, Palpitation of the Heart, Dizziness, Torpid Liver, and Female Irregularities. If you do not "feel very well," a single pill stimulates the stomach, reatures the appetite, imparts vigor to the system.

A NOTED DIVINE SAYS!

Da. Turr:—Dear Sir. For ten years I have been a martyr to Dyspepsia, Constipation and l'iles. Lastspring your pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.
